CORP COMMISSION
DOCKET CONTROLSubject: Please Oppose Rollbacks and
Revisions to the Energy Efficiency Standards

Dear Chair Stump and Commissioners,

I am very interested in increasing AZ's
EEB. I feel this is very important to the
viability of our state.

Speaking for consumers throughout the
state, we are interested in lower energy
costs and creating more local jobs through
EE programs.

Furthermore, EE Programs shd. remain
consistent or improve. This is important for
the future in the industry.

In closing I want to request that the gas
EE ^{requirements} remain, as well.

Consistency and ever-improving standards!!

Sincerely,

Lee Oler Tucson AZ 85705
